

DATA TRAVELER ELITE
USB FLASH DRIVE

Your data is safe with us.

COMMITTED TO MEMORY

DataTraveler Elite combines advanced data security with outstanding performance.

Protect even your most sensitive data with the DataTraveler® Elite from Kingston®. With virtually impenetrable security and an unrivaled data transfer rate, this leading-edge USB Flash drive delivers an ideal solution for business and corporate IT users.

Hardware Encryption + Access Control = Advanced Security Architecture

DataTraveler Elite offers the most advanced security architecture available. It combines 128-bit Advanced Encryption Standard, hardware-based encryption with TravelerSafe+ software to safeguard the device and control access to your company's data.

It's user-friendly for both novices and IT users on special missions, who will appreciate its file management software and easy boot utility*. And our co-logo program is an efficient way to guard your company's assets while promoting its brand.
